

MARSfarm **VERSION 1**

Getting Started

Hardware Setup

(should be done once package is received):

- Chamber - [MV1 - Assembly Guide.pdf](#)
- Automatic Irrigation System - [MV1 Irrigation Setup Guide](#)
- Plug in Power
 - Access [Web Application](#)
- Set up training with MARSfarm team (optional)

Support

- FAQ - [MARSfarm Customer FAQ - Informational](#)
- Contact: peter@marsfarm.com

Trial Setup

(we advise you test everything out with a trial before using in class):

- Pots - [MV1 Pot Setup Guide](#)
- Use the MARSfarm Daily Log - [MARSfarm Daily Data Log.pdf](#)
- Create Trial from Existing Recipe - [How to Create New Trials, Plants, and Phenotypic Observations.mp4](#)
- Labs - [Wicking System - Bok Choy Lab - MV1](#)
- Create a Custom Recipe - <https://forms.gle/ZxEkgGT09BYVpJUC6>
